

BOWADP 7600

PROFESSIONAL LARGE-SCALE HEAVY DUTY SHREDDING SYSTEM

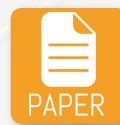

BOWADP 7600 is the perfect heavy duty shredder where large amount of not only smooth and crumpled paper but also small media supports have to be shredded on schedule. Thanks to its first shredding stage the flow of large volumes of data is assured to be uninterrupted, cutting down overheating and jam risks. In the second shredding stage precise cutting tools guarantee high throughput in compliance with DIN 32757-1 and DIN 66399 security levels, reducing shaft wear and power consumption.

Rugged conveyor belt, centralized control panel as well as fully automatic operations require minimal personnel to manage big amounts of confidential information that can be processed quickly and efficiently in a silent working environment. With its hourly productivity of 2500 kg the BOWADP 7600 is able to provide one of the best performances of its category. Besides, robust cutting technology combined with electric motor with thermal overload protection and optimal power transmission guarantees a stable shredding process and long working life.

Through the SPS control with user friendly display the machine can be easily used by the operator in a safe way, according to CE dispositions. Its reliability has been proven through 10 years of usage by Government bureau, Police and military department.

USED BY

- ▶ Large corporates
- ▶ Banks, telecom and insurance
- ▶ Government bureau
- ▶ Police and military department
- ▶ Printing and security bureau
- ▶ Municipality

IDEAL FOR

- ▶ Large amount of documents, more than 800 sheets
- ▶ CDs, USBs, floppy disks, ID cards, credit cards
- ▶ Folders

OPTIONS

- ▶ Baler
- ▶ Dust extractor
- ▶ Magnetic separator for iron

Technical specifications BOWADP 7600

SHREDDING MATERIAL

Shreddable material

SHREDDING SIZE AND SECURITY LEVEL

Shredding size 10.8x42-74, 7x45 mm

First shredding stage 25x160-200 mm

Second shredding stage 10.8x42-74, 7x45 mm

Security level (DIN 66399) **P-1 P-3 O-2 T-2 T-3 E-2**

Security level (DIN 32757-1) 1-3

PERFORMANCE

Shredding capacity (70g/m²) 700/800 sheets (A4/A3)

Shredding capacity (80g/m²) 600 sheets (A4/A3)

Throughput per hour 1200-2500 Kg

Cutting speed 450 mm/s

Insertion width 600 mm

HARDWARE

Power / voltage / frequency 29.4 kW / 3x400 V / 50 Hz

Machine size W2200xD8500xH4500 mm

Machine weight 2500 kg

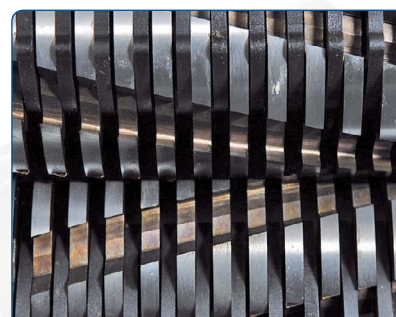

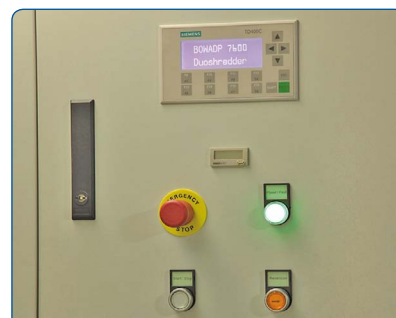

Noise level 60-75 dB

Packaging size 4 parcels: 2400x1800x1600 mm
2500x1800x1700 mm
1200x800x2400 mm
8800x1600x1800 mm

Warranty 12 months

Options

- baler
- dust extractor
- magnetic separator for iron

BOWADP 701

In line/angle baler BOWADP 701

PERFORMANCE

Pressing power 190 Bar

Compression Speed 30 sec.

Maximum bale size W650xD600/1600xH600 mm

Bale weight 100-300 kg

Output per hour 15-20 bales

HARDWARE

Power / voltage / frequency 12.5 kW / 3x400 V / 50-60 Hz

Machine size L4800xW2500xH1950 mm

Machine weight 4100 kg

An in line or angle completely automatic baler can be added to optimize the destruction material piling and management.

Specification may be changed without notice.
