

BOWA DP TDC 200

**TONER
DISPOSAL
CRUSHER**

Printer toner should be shredded for security reasons, particularly when it is being disposed of. Printer toner cartridges contain sensitive information that may include personal or confidential data such as bank account numbers, credit card information, or other sensitive business or government documents. If these cartridges are not properly disposed of, they could be retrieved by individuals with malicious intent who could use the information contained in them to commit fraud, identity theft or other illegal activities.

Shredding toner cartridges is a secure way to dispose of them. The shredding process completely destroys the toner cartridge and the information contained within it, making it impossible for anyone to retrieve the data. Additionally, shredding toner cartridges helps to reduce the environmental impact of these products, as they can be recycled more efficiently after they have been shredded.

Overall, shredding printer toner cartridges is an important step in protecting sensitive information and maintaining privacy.

USED BY

- ▶ Corporates
- ▶ Banks, Telecom and Insurance
- ▶ Government Bureau
- ▶ Police and Military DPT
- ▶ Security bureau

IDEAL FOR

- ▶ Laser printer toner

Technical specifications BOWA DP TDC 200*

SHREDDING MATERIAL

Shreddable material	Laser toner cartridge
Structure	crushing + dusting vacuum and filtering
Cutting Size	20 mm*20-60 mm Size after crushing
Knife dimensions	20 mm Tool thickness
Throughput per hour	> 100 kg/h
Shredding quantity	Only one toner cartridge can be put in at a time (about 15-20 seconds to complete the shredding process)
Shredding speed	12 rpm crushing speed
Output	Vibration plate discharge
Filtering area	4* 320 (bottom diameter) *900 (height) mm
Filtering Element	5 µm
Power/ Voltage/frequency	10.58 KW/(3-phase, 380V)/50-60Hz
Controller	PLC
Noise Level	80 DB
Dimensions	2254(W) x 2603(D) x 2480(H)mm
Weight	Shredding module 900 Kg Toner Filtering 600 Kg
Certification	CE
Warranty	12 months

Technical specifications AIR COMPRESSOR*

Power	7.5 Kw
Displacement	0.6 m3/min
Pressure	1,55 Mpa
Air Tank	400 Lt
Weight	180 Kg
Dimensions	(LWH): 1800*750*1400 mm
Warranty	12 months
